## QUEENSTOWN'S ORIGINAL GARDEN TOURS

The Queenstown Garden Tour operates from 10 October - 31 March.

Our tour showcases gardens with a superb mountain backdrop during the vibrant Spring, long hot Summer and golden Autumn days.

Queenstown Garden Tours visits properties where traditional gardens blend with innovative contemporary styles. New Zealand native plants are a highlight- spring bulbs and blossoms, peonies, roses and perennials combine in a blaze of colour.

The relaxed, informal excursions are a rare opportunity for visitors to meet New Zealanders at home and garden visits are personally escorted by owners. Their passion and enthusiasm enhances a memorable experience.

Queenstown Garden Tour is ideal for those wanting to experience a relaxed and gentle side of Queenstown not normally accessible to visitors.
